President's Message:

Art Kruegel, BSA President

Started this report on March 30, 2020. The reason is the following: Milwaukee County has 565 reported cases of coronavirus, and 6 deaths. April 15, 2020, Milwaukee County, 1795 cases, 101 deaths. So, how are **you** doing? Judie & I are doing okay. Starting our fifth week of 'Self Isolation'. Getting tired of looking out our back yard window, seeing our RV just sitting there. Almost makes a guy want to 'open it up, set up a fake camp fire, (Can not have a 'real camp fire' in our city,) set up the lawn chairs and dream we are camp-

ing. What the heck? I know what I am going to do this weekend! Back to the 'virus'. Things seem to be getting a little better. A lot of cases, but the death rate seems to be slowing just a little. Stores, (especially restaurants) are still closed. I really can not tell you which stores are open and which are not open. We are lucky that one of our sons is doing our grocery shopping for us. The entire State of Wisconsin is enjoying a "Safer at Home" time, and making the best of carry out food, including Friday night
(continued on page 3)

Notes from the Publisher

Please remember this newsletter is yours and the content is entirely dependent on the submissions from you; the members.

As Publisher, I do not edit the content submitted. Submissions may need to be edited for space. I will try to make every effort that all the important information is contained in the space available.

If you would like a copy of the Badger Banner mailed to you, please complete the subscription form and mail it with your payment to the current BSA Treasurer.

The Badger Banner email is:
badgerbanner@gmail.com

The deadline for the next issue is two weeks from the February and June meetings and the 15th of the month for April, August and November issues.

Like past publishers, I will send out the Banner two weeks from the due date for submissions provided members get me articles by the deadline. I will do my best with your help to get the Banner out a month after the last BSA meeting provided I receive articles on time.

Badger Banner -Voice of the Badger State Association of FCRV

Official Publication of the Badger State Association of Family Campers and RVers

Send all chapter news, items, columns, special news, and pictures to the Publisher. Deadline is 2 weeks after each BSA meeting. The Badger Banner is published 5 times a year. Opinions, observations and conclusions expressed herein are those of the various authors and do not necessarily reflect those of FCRV or the Badger State Association. Advertising in this publication does not constitute an endorsement by the Badger State Association or FCRV of the product or service advertised.

Members of the Badger State Association are affiliated with the Family Campers and RVers. 4804 Transit Rd.. Bldg. 2. DePew, NY 14043. Dues are \$35 for one year, \$68 for two years and \$99 for three years. Any FCRV member in good standing, who is a member-at-large in Wisconsin or a member of a chapter in Wisconsin is a member of the Badger State Association.

President's Message Continued:

Art Kruegel, BSA President

(continued from page 1)
Fish Fry's.

On to our planned camp outs for this spring. (Both the Get Acquainted in May and the BSA camp out in June.) As of this writing, we are not sure if either of the planned camp grounds will be open, and keeping the health and welfare of our membership in mind, we need to be flexible. Therefore, as President of the Badger State Association, I suggest we keep both camp outs on our calendar until we know more about the health of our Nation. (See above)

Now, a suggestion as to how to handle our planned camp outs. I suggest that our State Director (Kip Cushing) contact us via a group broadcast through the Badger Banner on or about May 8th as to whether the "Get Acquainted" is either canceled for this year, or will be held according to our plans, AND the State Vice President (Marty) do the same for the June 12-14 State Annual Campvention.

Marty / Foxtrotters will also let us know on or about May 25 about our planned Annual BSA June 12-14 camp out.

There will be two 'Broadcast' via the Badger Banner, One for the 'Get Acquainted Camp out and one for the Badger state Camp out.

Now as to the requirement for the annual BSA meeting (Per the By-Laws) to be held in June, I suggest we have the required meeting be held via Virtual media. (Either SKYPE, ZOOM, or another acceptable means). **Time date and how will be announced via the May 25th special broadcast with the Badger Banner.**

Just one more item from your President:

I received word that DON OLDENBURG is recovering from a serous surgery. If you want, I am sure Don and Joyce would really enjoy hearing from you.

W168N8464 Jacobson Dr.

Menomonee Falls, WI. 53051

State Director's Message

Kip Cushing, Wisconsin State Director

Good morning, it is 34 here at the house, partly cloudy and set to be cold for a few days. That will be hard when it is warm and sunny and the trailer isn't moving. Put some tire covers on the trailer to prevent them from too much sun. Almost want to take it back and put in storage and gain my driveway back, but alas that idea was voted down. Even put covers on the truck tires seeing we drive the car most of the time when we go for essentials. Was surprised to find TP on shelf at grocery store which had limits of 1 pack per customer, of which there were maybe 6 left at 7am,

senior shopping hour. Sure hope this does not go on long term. We are doing fine. I have enough wood in garage and backyard to really get into building projects. Already did workbench for the grandkids, with a "Little Free Library" next on my list of many projects.

I do have some news that was passed on to the State Directors around the country.

There is a shakeup happening in Good Sam due to the C-virus they are "ordering" that all Rallies, State, Provincial and local chapter

(continued on page 4)

STATE DIRECTOR'S MESSAGE (continued)

Kip Cushing, Wisconsin State Director

(continued from page 3)

meetings, be canceled for the safety of all their members. "They are also taking the opportunity to "pause" State and Provincial Director programs immediately".

So if any Good Sam club/members approaches any of you to join FCRV, go head and give them a membership form. If their chapter wants to swing over to FCRV, they just have redo their constitution to realign it with FCRV guidelines and all club members join FCRV to make it work. They can continue to do the "Good Samaritan" acts of charitable causes serving others. We all would like some new members in Badger State and FCRV as a whole. No one knows how this will work out, but, I can hope that it will mean a new friendship of camping organizations. I will pass on more as it becomes available.

I will make a decision on the Get Acquainted Campout at Walworth County Fairgrounds by May 8. Jan's budget meeting that was to be held there for 4 days starting on the 11th has been canceled. We will be in touch with the Fairgrounds if they will even be open for camping. They have many events that will take a hit with the pandemic as well. I will watch the Banner for the Foxtrotters/ BSA President, decision on the State Campvention in Green Bay in June. They may have Judi Camp send out another "Banner Extra" with that information as it becomes available. I will also keep everyone informed on the status of the National Campvention in Canada this year. The border is closed presently except for essential materials and trade.

Keep an eye on "Camping Today" for other important messages being passed on to our members. Practice proper cleaning and other precautions with this pandemic as you struggle along with the rest of us. We will get through this together. God Bless those that are out there in our workforce stocking the shelves and watching over the patients, delivering the needed goods to stores and homes. Plan your trips to the store and be sure to ask your neighbor if they need anything while you're going. If you are going the early senior hours call your neighbor the night before for their list.

Don't let the upcoming warm weather let down your guard in favor of grouping up. We toured some shoreline fishing locations and seen some large families taking hikes. They had to pass by others doing the same and had to swing out wide to keep up social distancing, but what is a safe distance on a narrow trail. State Parks have now shut down.

I'd like to wish those of you who may be ill or fighting this virus or in a hospital to get well soon! Jan and I have taken up picking a name each night and calling one of our friends be it near or far, young or old, to check them out and talk. And congratulation to Marty, on losing all that weight. I've seen on Facebook and at the BSA meeting, from a 40 to a 30/32 pant size, wow!

Be safe, stay calm, you're not alone.

Note: Due to the extension of the Wisconsin "Safer at Home" order until May 26th, the Memorial Day Campout is cancelled.

We actually got a call from the fairground manager that they were cancelling all events scheduled before that date. Jan & Kip

Chapterter News

Foxtrotter News

Dahle Enneper

Greetings from the Foxtrotters:

I hope all of you are safe and enjoying your time at home. We are doing ok and waiting for all of the restrictions to end. In the mean time, have been busy doing projects at home and trying to get the camper prepared for when we all once again can gather around the

campfire.

Till then, stay safe and happy!!!

Hopefully we will see you all soon.

WISCOWS MOO NEWS

Art Kruegel for Tricia Chartier

Not much new from the WISCOW's. Our Snow Birds are back from their 'get away' to the valley of the sun, with several stopovers on the way home. Last I heard, they enjoyed their winter vacation.

The chapter members all still have their RV's put away. (Except Kip & Jan) With most campgrounds closed, no need to hurry waking them up. All of our chapter planned camp outs are more towards fall, hoping things will be at least close to 'normal' by that time (Whatever normal may be). Just waiting for when things start opening for business again.

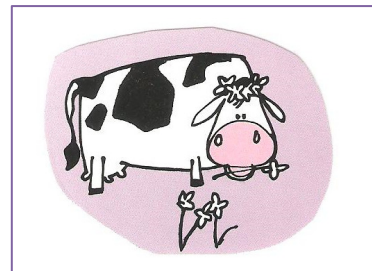

As for now, we are (like everyone else) waiting for the 'virus'

thing to just go away. We have had enough.

Hopefully we will be enjoying camping soon.

Just a note from Jan: She did not get voted in as the FCRV President.

Tricia Chartier
President of WISCOW
Tricia@MooLady.com

Program News

Disaster Awareness & Safety Awareness Training (DASAT)

By Art Kruegel

So, what is new? No, I am not going to talk about the “VIRUS”. Should be no surprise there. The news on this changes almost hourly. Whatever I say, most likely will be outdated by the time this gets to your eyes.

So, here goes an attempt to focus on ‘normal spring’ concerns.

Spring time! The snow is gone. (Almost?) Daffodils are blooming. Tulips are almost there. Trees are ready to blossom. The grass is almost ready for the need to be cut. Some are ready to start gardening. What a beautiful time of the year! Oh how nice it is to get outside and smell the freshness of another spring.

EXCEPT if you have allergies and or asthma! This can be a trying time for you, and you are not alone. Yah, there is medication that can help. (Both over the counter & prescribed) I am not in the medical field, but I know what it means to live with someone that has asthma. Here are some suggestions from the **Mayo Clinic** for allergies:

Stay indoors on dry, windy days. The best time to go outside is after a good rain, which helps clear pollen from the air.

- Delegate lawn mowing, weed pulling and other gardening chores that stir up allergens.
- Remove clothes you've worn outside and shower to rinse pollen from your skin and hair.
- Don't hang laundry outside — pollen can stick to sheets and towels.
- Wear a pollen mask if you do outside chores.

The internet is a good place to find suggestions to improve your enjoyment of spring (and other times of the year) outside. (Especially if you use a proven accurate source.)

I just know someone out there in the Badger State would miss my usual something about preventive maintenance for getting your rig ready for summertime. So,,

Before you are ready to start enjoying your ”rig” for summer time, do not forget to:

- 1) Check your tires. Make sure they are properly inflated, sidewalls not cracked.
- 2) 2) Check running gear. Fluids checked, Moving parts lubricated.
- 3) Electrical system checked. All lights working, including tail lights.
- 4) Brakes in good working order. Brake pads in good shape, not cracked or visual signs of wear.
- 5) Safety glasses clear and cleaned.

No, I am not talking about your RV “rig”! I am talking about your bicycle “Rig”.

Enjoy your ride and your summer.

DICK WISBY MEMORIAL SCHOLARSHIP FUND

Badger State Association has money available to dependent children of our members to attend college or technical school. Application forms can be obtained by e-mail at kcushing@wi.rr.com. Deadline for application requests is **June 1, 2020**.

They must be returned by July 15, 2020.

Savings Balance - Jan. 1, 2020	\$3,264.72	CD Balance - Jan. 1, 2020	\$6,096.79
Savings Interest		CD Interest	
January	0.14	Interest YTD	
February	0.13	Total CD Balance	<u>\$6,096.79</u>
March	0.14	Total Balance	\$9,361.92
Total Interest-YTD	<u>0.41</u>		
Savings Balance	\$3,265.13		

Note from our National FCRV President, Shari Weber

In lieu of the present situation we are facing the National Office has decided this for dues:

At the recent meeting of the trustees we discussed dues. We are aware of the difficult time we are all in. As a matter of fact the office is working from home and does not have access to certain supplies and functions. This means we will not be seeing end of month reports until our staff can return to the office. This also means dues notices are not going out as well. The trustees decided that for the next three months we will be lenient with due dates. During this time past due members will not be dropped. Everyone is encouraged to pay their dues if they can. However if someone is struggling we can give them a period of grace.

POSTER CONTEST DEADLINE AND PROCEDURE CHANGES

With the uncertainty of travel to Campvention, Mary Lehnard, our National Conservation Program Director has decided that some adjustments to the rules, procedures and deadlines are necessary.

The deadline for submission of poster PHOTOS is extended to May 15, 2020
Submissions will be **by photo entry** (of your poster)

This is a change in procedure and deadline for the 2020 Campvention only

Procedure:

1. Put together a great poster showcasing any area of conservation: park clean-up, planting trees, picking up trash, recycling or anything that showcases an important area of conservation.
2. Take a photo of your finished poster. Take as many photos as you like, but submit only one. Submit your ONE BEST photo of your poster via email to: Mary Lehnard at: lehnerd@juno.com
2. There can be more than one submission per state or chapter
3. Be sure to include your name, address, date of birth and email address visibly on the completed photo entry

Winners will be notified via email

Since all submissions will be via email, take your photo as soon as you are ready. Do not wait. Take your photo and email it asap! Let's hope we get a great deal of entries. Good Luck!

Elizabeth Ann “Betty” Trusky Thursday, May 30th, 1940 - Thursday, April 9th, 2020

Elizabeth “Betty” Ann (Musur), the Village, FL, went Home to Jesus on April 9, 2020 after a courageous battle with cancer at the age of 79. Betty was born to Ann (Gruca) and Anthony Musur in the Bronx, NY on May 30, 1940.

Betty graduated from Holy Child High School with the class of 1958. Upon graduation she attended Edgewood College in Madison, WI.

She met her husband, Francis (Frank) Trusky on a blind date at a church sponsored swimming party at the Cedar Lake in Lake Villa, IL during the summer of 1954. They were married at St. Anastasia Church in Waukegan, IL on August 6, 1960 and went on to have four children, Laurie, Lenard, Larry and Julie. They moved to Kenosha in 1965 and resided here until Frank’s retirement in 2000.

In addition to being a dedicated wife and loving mother, Betty worked as a Rubbermaid consultant in the mid ‘70’s. She also worked at Kenosha National Bank Department as an administrative assistant from 1975-1978. In 1978, Betty began her career at Abbott Laboratories that would span twenty years before her retirement in December 1997.

Betty was an avid reader and thoroughly enjoyed her romance novels. She loved the outdoors and was an active member of the NCHA Kenosha Ramblers camping club where she met many lifelong friends. She was editor of the Badger State Association’s Badger Banner

for many years. She was also the chairman of the BSA’s Dick Wisby Scholarship Fund. Betty was an accomplished bowler spending many years in the Thursday night women’s Major League.

Elizabeth was preceded in death by her parents. She is survived by her husband, Frank, her brothers, her children, her ten grandchildren and three great grandchildren.

Internment will be held privately at Ascension Cemetery in Libertyville.

To live stream the funeral service for Betty, please copy and paste the link provided. <http://client.tribucast.com/tcid/10818567> into your web browser.

In lieu of flowers, memorials can be made to the SCID Angels For Life Foundation (<http://www.scidangelsforlife.com/>) or to the Wisconsin Chapter of the Lupus Foundation of America (<http://lupus.org/wisconsin>).

The family wants to extend a special thank you to the staff at Harbor Chase of Villages Crossing in Lady Lake, FL for their wonderful and compassionate care.

Visit and Sign Elizabeth’s Online Memorial Book at: www.prokofuneralhome.com

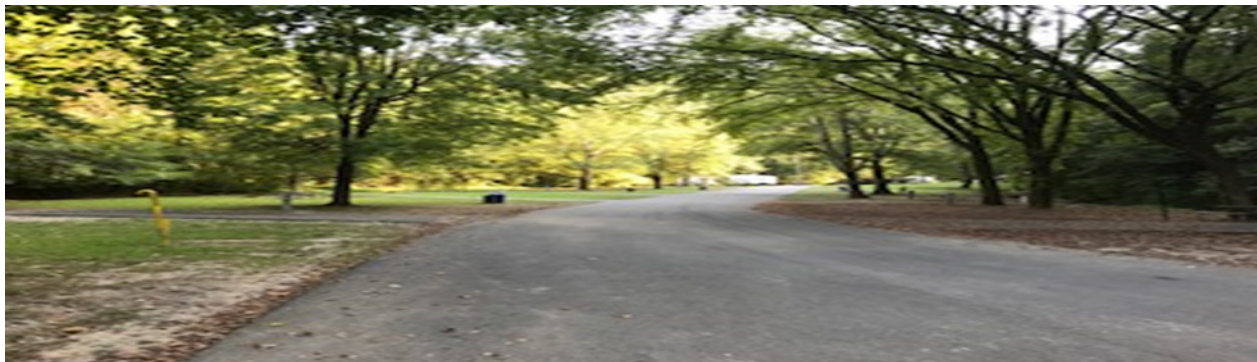

Betty will be remembered & missed by all who knew & loved her & by her BSA & FCRV friends.

Jenny Wiley State Park - Kentucky

Tucked back in the hills behind Prestonsburg, KY is this nice little campground we discovered. We traveled here in mid-September just a bit too early for the trees to be in color. If we had waited and come the first weeks in October it would have been very pretty, coming and going. The park has two entrances one on the north end and one on south end of town, we passed the north and took the south, 10 miles back north we arrived at the campground. Had we known better, it is closer to the campground taking the north entrance off US 23/460. So we took the scenic route back north inside the valley that makes up Dewey Lake. The road was blacktop but quite winding along the edge of the lake, a 20' drop down from the roadway. Those inside corners with the 5th wheel were taken slow to keep the tires on the pavement.

We took two days to get there stopping at one of our favorite Ottawa County Parks just north of Lima, Ohio on Hwy 81 the first night. Then we cut down through Columbus and straight south on US23 to Prestonsburg and Jenny Wiley State Park pulling in late afternoon. What a nice drive, it was the scenery that made it great. The campground has 3 loop's like a 3 leaf clover, with the office being at the top of the stem. We did reservations on the internet and it showed the sites clearly, we took the A loop 1-31 and settled on A025. It was in the shape of a smile, paved, with 30A electric and water, with plenty of room for the truck in front of the trailer. While I was setting up and getting hooked up and jacks down, a loud yell erupted from the trailer, NO TV reception! I quietly said "YES". Oh and then NO internet was discovered. If you are not able to live without either this parks campground may not be for you. I loved it we were a mere 100' from the boat launch down to the lake. We were pretty much by ourselves till the weekend so it was nice and quiet.

Jenny Wiley State Park - Kentucky Continued

We did not take many hikes on the trails, seeing there was a warning sign by the office not to leave coolers or food outside due to black bears in the park. We played cards and games and read when we were at the trailer. But, since we were there for 5 nights, sightseeing was a daily event. The evenings were spent at the Lodge for a "May" family reunion. (there was internet at the Lodge and better cell service) I met a whole bunch of relatives I didn't realize I had and some were campers. The Lodge had a nice meeting room, a large restaurant, and a beautiful view of Lake Dewey. There is a large Marina below the Lodge where boats and pontoons are able to be rented for day or half day. I even seen some nice sized house boats tied up at the pier.

During the Days we did some site seeing. We were close to Butcher Holler where Loretta Lynn's Homeplace still stands, so we went searching. We got back on US23 the Country Music Singers highway and watched for signs. It is miles way back off the road, where the two lanes goes to one and then the blacktop ends and gravel begins. Not quite wide enough for two, I backed up a ways till I could get into a driveway to let a van get pass. Don't even think about going there with your trailer in tow, a big class C or A would have a pinch getting there. Lucky for those big units, you can make it to the General Store and ride the Van back for the tour of the house and grounds.

Jenny Wiley State Park - Kentucky Continued

The next day we headed to Paintsville and the Kentucky Country Music Singers museum just off US23. We missed a Jam session the night before, but the lady showed us a short movie about the number of singers born or raised near US23 and other information, it was good. Then we walked thru the museum wow! Other than Loretta Lynn, Chris Stapleton, Tom T Hall, and Dwight Yoakam, there were many others. I would have been upset if I had passed it up, glad I didn't. They had every album Loretta had ever done on the wall. The Judd's first album was on their display. Above all the displays were paintings of all the artists by a local gentleman. This was all north of the park. And yes there are Dairy Queens in Kentucky we found them.

Jenny Wiley State Park - Kentucky Continued

Next we went south on US23 to Prestonsburg and the Visitor Center & Mountain Arts museum where we met the mayor of Prestonsburg and got the full story of the area. We visited their museum and a home of one of the founding fathers of the community. (Who happened to be Samuel May) He suggested we head to Pikesville and take in the magnitude of the road building and river re-routing that surpasses the Panama Canal in ground moved. This accomplishment took many years to complete and it finished in 1988. And yes you can see the layers that were removed and valleys that were filled. We went on to the Public Museum in Pikesville where there are pictures showing the start and progress of that road building feat of modern day engineering. He also told us about one of the larger Civil War Re-Enactments to take place in Kentucky coming up the following weekend.

We hit the road home on Monday and made it just north of Dayton, Ohio to Poor Farmers Campground near Fletcher, Ohio off US 75. My truck was fading fast the alternator gave up the ship and I was running on the battery. It made it into the CG and got me parked but, as I unhooked the fuel pump stopped and that was it. I got it pulled away from the trailer for the night. Their mechanic (there is a Full service RV dealer at the campground) said the truck was part of our RV so he got it up to the shop and figured out the problem, fixed it and we were ready to head home the next day. So till we travel up those roads again after the Virus, stay safe, keep your distance, and think positive we will get though and rise again. Below is the gravel road back to Butcher Holler and Loretta's Home where she and Crystal Gayle were raised.

Hope our travels will return in time to travel west, with safety, and in good health.
