CAMPVENTION IS ALMOST HERE!!

You can pay by cash or check at the gate. There will be lots to do if you prefer just to come and visit with old friends and make new ones, that is fine also!

We want to see you there!!

(If you can't come for the whole event, day passes are available!)

And remember to get your reservations in for the

SUMMER CAMPOUT

"From the Lake

To the Woods..."

See information inside this CHATTER on page 8. .

It is very important that we have a count of those who plan to be at the campout so we can complete the reservations for the tours at St. Mary of the Woods and to assure we have enough food!!
See page 8.

From the State President

Ed Shaneyfelt

From the State Director

Angie Shaneyfelt

Hopefully everything is going well. We are packing for nationals and hope you are also. For those that are going, remember to pack your blue Indiana shirt for our hospitality on Wednesday from 3 to 4. Arrive a little early for the hospitality to get ready for the greeting line to welcome our guests.

If you want to give something for the Indiana door prize basket to add to what Angie has purchased, bring it with you to give to us at the rally.

Something new this year for a teen fundraiser is the TP insurance. They have some wonderful prizes to give away.

I appreciate all the ones that stepped up to either help or chair a committee to represent our state and region to make it a successful rally.

The summer campout is right around the corner, August 11-13, 2023, at Lazy L Campground in West Terre Haute. Marilyn, Mike and the Retirees have a wonderful weekend planned with the tour and fellowship.

The Fall Invitational is next on September 29,30 and October 1, 2023, at Amishville Campground. The theme is Redneck Party Weekend and the trustees will not let you down. We are planning it now and details will be out later. If you haven't reserved a spot yet contact Deena Felver and she will take care of you.

Start thinking about hosting a campout next year so we can get our schedule filled for 2024. It is not that hard to do with all the great members in the state that help. Let me know if you would like to host a campout or if you need any information.

Until next time
Ed Shaneyfelt

Campvention is right around the corner. July 9 - 14, 2023 in Richmond, Indiana, at the Wayne County Fairgrounds. The committee has been working hard and has a few new things in store (like Bocce Ball and TP insurance raffle). The entertainment sounds like it is going to be great and fun! I cannot wait, I am very excited for Campvention this year.

I have purchased items for the state basket. This basket consists of items donated by the members of our State, every state is encouraged to donate a basket. This is becoming a tradition that members of FCRV look forward to. The basket can be themed or just random items. If you would like to donate, please bring an item with you to Campvention and we will add it to the basket before we turn it in. You can donate something that relates to Indiana or camping items to whatever floats your boat!

If you are still contemplating going to Campvention and haven't sent your registration in yet, no worries! You can register there at the gate! I want to encourage you, if you are still trying to decide just come and see what it is about. It is great meeting other FCRV members from other states and provinces and getting to know them. And like I said, this year sounds like it is just going to be so much fun. So with that being said I will see you there! There is a lot to see in Richmond also. Be sure to check the FCRV website for more information at FCRV.org or the 2023 Campvention Facebook page (that Barb Turner and many others have done a wonderful job contributing to). The whole program guide for the week is posted on both sites.

After Campvention, our Summer campout will be August 11-12-13, 2023, at Lazy L Campground in

I am SO excited for Campvention & I hope you are too! It has been a lot of fun to see the back side of planning an event this large. At this point I hope you are going and planning on being as involved as you can be. Do you have some spare time? Volunteer to drive a tram, do a shift in security, see if a youth activity needs another set of hands.

Bottle lids and pop tabs will be collected at Campvention. Pop tabs will go to Riley Children's Hospital in Indianapolis. Collected pop tabs are recycled, generating much-needed income to support the Ronald McDonald house and the many families they serve each year. As of 2019 RMH has received over \$820,000 in revenue from pop tab collections since it started back in 1995! From tiny little pop tabs – that is pretty amazing!

Don't forget your packing list Marilyn was so gracious to put together in last month's CHATTER. Everyone is looking forward to a busy week!

Till we camp again,
Misty

hi there,

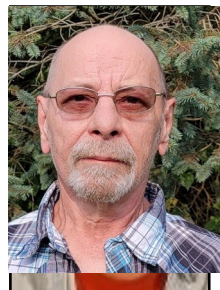

This is just a reminder that we will be collecting caps and tabs at campvention, so if you want to bring them with you can.

But if there is no room in your camper, then bring them to the next state campout when you are not taking a lot of extra things with you.

That is all for now.

I hope we will see you in Richmond.

CHAPLAIN'S CORNER

By Harlan Nigh

Hello Camp Family,

As I write this it is 9 days to early check-in for Campvention. If you keep up with Facebook, it's going to be good time. I don't see any way you could be bored.

With the recent weather, I'm requesting we all pray for gentle night rains, as we need the rain to cleanse the smoke and ease the dry spell we're experiencing.

Also, pray for Traveling Mercies, with folks coming from all over this country and Canada.

Until we meet at the Campvention, God Bless Y'all.

Until we share a campfire

Safe Celebrations

Fireworks and the Fourth of July... they go together like a hand in a glove. But that hand may become a casualty of those fireworks even when precautions are taken.

Every year, fireworks start an average of 18,500 per year (information from 2017). That includes structural fires, vehicle fires, and ground fires. Remember that in Indiana this year we have drought conditions that increase the probability of fires getting out of control.

Personal injuries bad enough to require medical treatment occur frequently, particularly when amateurs attempt to use professional-grade, homemade, or other illegal fireworks. Sparklers, which many consider relatively safe, cause severe burns to the hands, face, and feet, as they can exceed 2000 degrees. Alarmingly, for children under 5 years of age, sparklers account for nearly half of their fireworks injuries.

Here are some safety tips gleaned from various internet sources:

- * NEVER allow young children to handle fireworks. Older children should use them only under close adult supervision.
- * NEVER mix drugs and/or alcohol use with fireworks.
- * ALWAYS use fireworks outside and have a bucket of water or hose nearby.
- * Designate a SAFETY PERIMETER (35 feet for ground-based fireworks, like fountains, and 150 feet for aerial fireworks.)
- * Anyone handling fireworks and those standing nearby should wear PROTECTIVE EYEWARE.
- * Only light one device at a time.
- * Do not try to relight or handle malfunctioning fireworks. DUDS always pose a risk. Let a dud sit for 5-10 minutes before putting them into a

bucket of water. (Moving a dud may result in a delayed explosion.)

- * Never hold fireworks in your hand or cover a firework with any part of your body. Make sure they are secured on the ground away from people and animals.
- * Light fireworks with a “stem” lighter such as a grill lighter.
- * Never point or throw fireworks in the direction of another person. Use them away from people, houses, or flammable material.
- * Soak both spent and unused fireworks in water FOR SEVERAL HOURS before discarding.
- * Be aware of those who may be traumatized by fireworks
 - Pets (see further recommendations below)
 - Children
 - Veterans and others who might suffer from Post Traumatic Stress.

Celebrations are a big part of this holiday. To avoid converting that celebration into a tragedy, consider alternative to fireworks. Some suggestions are

- * Party Poppers
- * Bubbles
- * Water Balloons
- * Silly String
- * Glow Sticks.

Don't forget about your pets! Fireworks can be extremely stressful for pets, but there are ways to help reduce their fear and anxiety.

- * Keep your pets indoors.
- * Close the curtains or blinds and turn on the TV or radio to provide some distraction.
- * Treat toys filled with their favorite food (frozen pumpkin puree, peanut butter, and apple sauce are good options) may also help keep their minds busy and distract them from the fireworks.

Fireworks Safety

FIREWORKS are often used to mark special events and holidays. The only safe way to view fireworks is to attend a professional show. It is important to know that **fireworks are not safe in the hands of consumers**. Fireworks cause thousands of injuries each year.

A few ideas to get into the patriotic spirit, without fireworks:

1. Use glow sticks, they glow in the dark and are a safe alternative to a sparkler. Fun for all ages.
2. Loud and proud. Noise makers are sure to make a statement. They can be found at local party supply stores or make your own.
3. Outdoor movie night. Set up a screen and projector. Don't forget the bugspray!
4. Red, white and blue silly string...fun for all ages.
5. Make a patriotic craft with the family.
6. Throw a birthday party for the USA, and don't forget the cake.

FACTS

- ❗ More than 19,500 reported fires are started by fireworks annually.
- ❗ Burns account for 44% of the 9,100 injuries treated in emergency rooms seen in the month around July 4.
- ❗ Half of the fireworks injuries seen at emergency rooms were extremities: hand, finger, or leg. One-third were to the eye or other parts of the head.
- ❗ Children ages 10–14 had the highest rate of fireworks injury, with more than one-third (36%) of the victims of fireworks injuries under age 15.
- ❗ Sparklers account for roughly one-quarter of emergency room fireworks injuries.

West Terre Haute, Indiana. Make sure you have your site reserved so you can camp with us! Mike and Marilyn Rausch and the Retirees are planning a wonderful campout, you can be sure of that!

Then the Fall Invitational will be September 29-October 1, 2023. The trustees are hosting that weekend with the theme "Redneck Party Weekend". Plan your clothing attire now! Make those trailers look "redneck". The trustees will have more information in the upcoming Chatter issues.

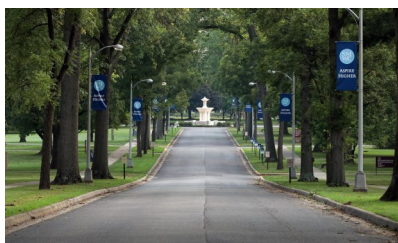

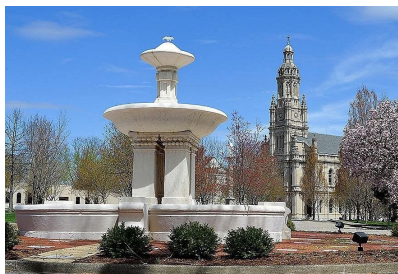

I believe that is all for now. Stay safe and healthy with the Canadian Wildfire Smoke. I'll have a conversation with our Canadian Friends at Campvention regarding them polluting our air! See you at Campvention!!!

Angie Shaneyfelt

Indiana FCRV State Director

Here are a few pictures of some of the things you will see on the tours of St. Mary of the Woods during the Summer Campout. You can interact with the Alpacas, shop at the Farm Store, visit some of the shrines and see the beautiful architecture that gives "The Woods" the designation as a Historic District. Experience the "Avenue Moment" that so many feel when turning into the main gate, and shop at Linden Leaf Gift Shop.

Chapter Campouts

We invite any chapters who have planned their upcoming campouts and would like to invite others to join them to list them here in the CHATTER. Likewise, if you are looking to camp with friends (or people who will become friends), check out these listings!

We also welcome any reports and/or photos from your campouts. What a better way to advertise the heart of Indiana's Family Campers and RVers???
