It was wonderful seeing everybody at the Fall Invitational. I have to give a big shout out to my trustees. They told me that I was not going to do everything and they did a wonderful job putting on the campout. Thanks also to my son-in-law, Jimmy Longberry, for cooking the kabobs and the fried rice. Thanks again team you guys are wonderful.

The schedule for next year is fully planned with the state campout list.

First the **Spring campout** will be at Cornerstone on April 25-27, 2025. It will be hosted by the Fireflies and Coffeepots. The theme will be "Celebration of Life" with two benches being donated to the campground. You can start calling on March 1st to make a reservation. Let them know you are with FCRV.

The **Summer campout** will be at Friends of Mine Campground August 22-24, 2025 hosted by the Happy Glampers. You can call now to reserve a site and let them know that you are with FCRV also.

Lastly, for the **Fall Invitational**, we will be going to Shipshewana North campground on October 3-5, 2025, hosted by the Trustees. You can call now to reserve a spot at the campground. They are holding 35 spots for us until September 15. When you call to make your reservation let them know you are with FCRV.

It is nice to have the schedule already done for next year but think about the year after.

Remember to let Ang and me know about your off-season get togethers, You never know we just might crash one of them

Until next time,  
*Ed Shaneyfelt*

Go Indiana Trustees! What a wonderful campout at Amishville for our Indiana Fall Invitational. Everyone that attended really enjoyed themselves. Thanks to our Michigan friends and some Illinois friends that joined us also. The Hawaiian games were fun and the food was fabulous (thanks to everyone for pitching in on that big task, especially Jimmy Longberry... he's the best son-in-law that I have)! Nobody noticed we served them about 30 minutes late (if you noticed, thank you for not mentioning it...we would have put you right at the back of the line)! ha ha!

#### National notes

This is the last time that I'll bring these items up:

- A second email address can be added to your membership. Contact me if you want a 2nd email address added.
- Discord replaced Zoom for FCRV, you can get the app (phone & computer) and stay in contact with FCRV friends through the app. [ed note: see information on page 9.]
- Make sure you are going to the national website (www.fcrv.org) at least once a month to check the new edition of Camping Today. While on the website, poke around and see what else you find. Please let me know if you have any questions regarding the website.
- The Retiree Rally will be in Dothan, Alabama March 24-30.
- The 65th Campvention will be held at Wilson County Fairgrounds-James E Ward Agricultural Center in Lebanon Tennessee. It's a party of inconvenience, so inconvenience yourself and make plans to attend! It will be a fun filled week with Wednesday being a travel day for our members to go sight-seeing (Nashville is only 30ish minutes away).

Monitor the Facebook pages and the national website for more information regarding both of these events.

## Youth and Teen News

Indiana State Association FCRV  
 Youth and Teen Director  
 Misty Stuckwisch

Our fall invitational has come and gone, the leaves are turning, and the days are getting shorter. I am sad to think another camping season is winding down.

I want to thank the trustees for hosting another great camp out. I don't believe the rain kept us from doing what we love to do....EAT! Haha! It was so much fun seeing out camping family.

I enjoyed the 4 youth/teens we had this weekend. I hope they enjoyed the craft/activities provided. If you need a good campfire, I know they can set it up for you!

If you have suggestions for activities/crafts or if you would like to lead an activity with the kids just let me know. It's always fun to have input from other people.

Wishing you a wonderful spooky season!  
 Till we camp again,

*Misty*

## CHAPLAIN'S CORNER

Hello Camp Family,

As we near the end of another season, we had a couple of great outings. Park County, with the Covered Bridges, was good place for a good adventure. Then, even with rain, The State Retiree Rally and Fall campout had a good turnout. We enjoyed visitors from Michigan, Illinois and Illinois (hope I included everyone.)

As this season is closing, I pray your winterizing and camper storage go smoothly. And as others head out to the warmer parts of the country, may the Lord's traveling mercies be with you. Let's enjoy the beautiful fall colors while you can.

Until we share another campfire,  
 God Bless Y'all

*Harlan Nigh*

### CINDY JAMES

Congratulations to CINDY JAMES, who retired on September 27 after 28 years serving the transportation needs of the Senior Citizens in her community. With her retirement, she has moved to Hicksville, Ohio (just across the state line from Fort Wayne) to live with her son, Jeremy, and his three children.

Cindy's new address is 1318 Spencerville Rd., Hicksville, Ohio, 43526. Her new email address is cljames1756@yahoo.com.

Cindy has expressed that she misses camping with Indiana FCRV, and she hopes to see us at another campout sometime down the road.

STATE DIRECTOR (Continued from page 2)

next year. I am sure that Ed will be putting that information in his article. *Please refer also to the back page of the Chatter and put all the campout information in your calendars!* You don't want to miss anything next year.

- Please contact me over the winter months if you have any questions or concerns regarding our state organization.
- Please also email me if your clubs/chapters are getting together over the winter months. Ed and I have been known to "crash" parties in the past.

Thank you to all my Indiana members for being so great. Anytime something needs done many of you jump up to help. It is very appreciated. You make my job easier as your State Director!

Until we cross paths again...

This article is a AAA Auto Repair Article .

*AAA TREAD TALK is a series of resources from AAA that provide information about tire tread and safety, including how to check tire tread depth and when to replace tires.*

The tires are the only parts on your car that have direct contact with the road, which means they have a major effect on ride, handling, braking, and safety. For optimum performance, tires must be

- properly balanced and inflated,
- show no signs of physical damage, and
- have adequate tread depth.

Proper inflation, regular rotation, periodic inspection and wheel alignment when needed will all contribute to maximum tire life.

Car tires must be replaced when their tread wears below a certain level. However, other types of problems can result in the need for earlier replacement. If you don't invest time and money in regular car maintenance, you risk reducing the lifespan of your tires.

Also, road hazards such as potholes, rocks and debris can damage your tires. If you notice anything unusual about how your car drives after running over a hazard, AAA recommends that you take the vehicle to the nearest auto repair shop for an immediate tire inspection.

#### TIRE PROBLEMS TO LOOK FOR WHILE DRIVING

- Vibration or thumping:  
Unusual vibrations or thumping noises can indicate an out-of-balance tire, one with tread that has a flat spot due to locking the wheels in a panic stop, or a tire with a separated belt.
- Pull to one side:  
While driving at a steady speed, a steering pull to one side may indicate an underinflated or damaged tire on that side of the car. It could also be caused by a brake system or wheel alignment problem.

#### TIRE PROBLEMS TO LOOK FOR DURING INSPECTION

- Over inflation:  
Too much air pressure causes mostly the tire's middle section to contact the road. This causes increased wear in the center of the tread, with less wear at the tire's edges.
- Under inflation:  
Too little air pressure causes mostly the tire's outer edges to contact the road. This causes increased wear on both edges of the tire tread, with less wear in the center.
- Wear on one edge of the tread:  
This type of wear indicates worn suspension components or a wheel alignment problem.

- Erratic tread wear:  
Alternating high and low spots around the tread, called cupping or scalloping, may indicate a wheel out of balance, but are more often a sign that you need to replace worn shock absorbers or other suspension components
- Sidewall cuts and tears:  
Impacts with road debris and curbs can damage the rubber tire sidewalls. You can usually ignore cosmetic damage, unless accompanied by a bubble or bulge. However, if the cords of the tire carcass are exposed and damaged, bring your vehicle to your local auto repair shop to have the tire replaced.
- Bubble or bulge:  
A bubble or bulge on the tire sidewall or tread indicates one of the belts inside the tire has separated from those around it. Replace any tire with this type of damage as soon as possible.

**ADEQUATE TREAD DEPTH** is necessary for a tire to maintain traction and shed water on wet and slippery roads. You can measure tread depth with an inexpensive gauge available at any auto parts store. Alternatively, you can use the traditional quarter and penny tests.

- Insert a quarter into a tread groove with the top of Washington's head facing down. If the top of his head is not visible, your tires have at least 4/32" of tread and are fine for continued use. If you can see above the top of Washington's head, it is time to start shopping for new tires. Take multiple measurements across the tread to help ensure accurate results.
- You perform a penny test the same way, except that if you can see above the top of Lincoln's head your tires have less than 2/32" of tread, which is below the legal minimum in most states and cause for immediate tire replacement. Tires worn to this level will also have visible wear indicators (thin bald strips) running from side to side across two or more tread segments.

# HAWAIIAN CAMPOUT

The FALL INVITATIONAL took place as an island getaway, with the theme of a Hawaiian campout. A bit of wind and rain couldn't wash out the fun prepared by the Trustees!

The theme was echoed by decorations, costumes, games, crafts, and food! Scott Semper (right), Sharon Shaneyfelt (left below), Lori and Harlan Nigh (center below) and Angie Shaneyfelt (right below) modeled the best in island wear. Angie showed her steady hand playing Giant Jenga!

Teens and youth built (and consumed) candy campfires, and everyone enjoyed Bingo. (below, left and right). We joined in other island games like ringing a flamingo with a lei and tossing flip-flops onto a surf board) during the day as well.

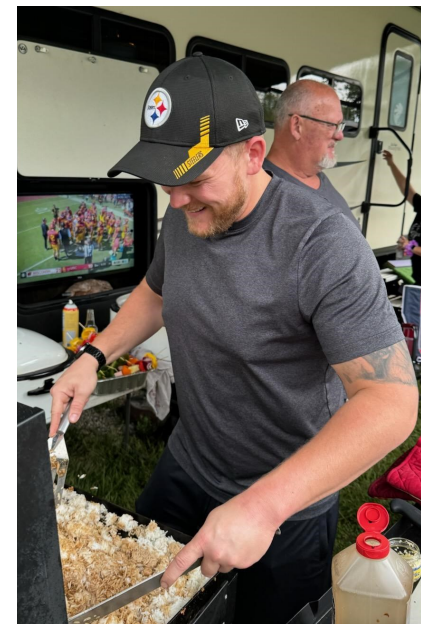

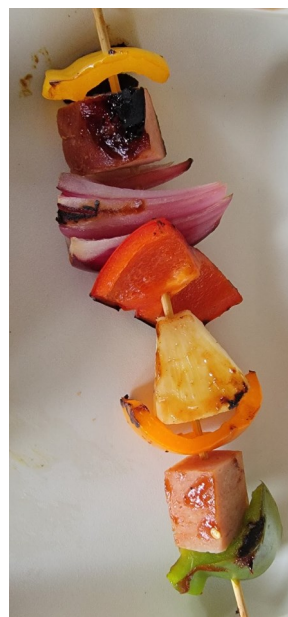

Some found that tossing both flip-flops at once more successfully hit the surf board.

Crafting put folks into an island mood by creating their own tie-dye shirts.

Hopefully we will be able to see the end results at a future campout!

What is camping without eating?? We were treated to a delicious “luau” with ham kabobs, Hawaiian sliders, Hawaiian fried rice, and a variety of island desserts. Angie’s sign (below) read “If our service and food do not meet your expectations, please lower your expectations!” No one had to lower their expectations... the food went above and beyond!

Many more memories of this fun campout can be found at the following link:

# Chapter Campouts

We invite any chapters who have planned their upcoming campouts and would like to invite others to join them to list them here in the CHATTER. Likewise, if you are looking to camp with friends (or people who will become friends), check out these listings!

We also welcome any reports and/or photos from your campouts. What a better way to advertise the heart of Indiana's Family Campers and RVers???

## NO-BAKE ÉCLAIR CAKE

### INGREDIENTS

- 3 cups milk
- 1 (8 Oz) container frozen whipped topping, thawed
- 2 (3.4 oz) packages instant vanilla pudding mix
- 1 (16 oz) package graham cracker squares
- 1 (16 oz) package prepared chocolate frosting

### DIRECTIONS:

1. Stir together milk, whipped topping, and pudding mix in a medium bowl until well combined.
2. Arrange a single layer of graham cracker squares in the bottom of a 9 x 13-inch baking pan.
3. Evenly spread half of the pudding mixture over the crackers. Top with another layer of crackers and the remaining pudding mixture. Top with a final layer of graham crackers.
4. Cover and refrigerate for 30 minutes.
5. Spread frosting over the chilled cake up to the edges of the pan. Cover again and chill for 3 1/2 hours before serving.
